

List of Diagrams

Diagram 1.1	The Phases of Enterprise Transformation
Diagram 1.2	The Old Information Systems Paradigm
Diagram 1.3	Process Management by Core Process
Diagram 1.4	Organizational Resizing Over Time
Diagram 1.5	The Conceptual Communications Barrier
Diagram 1.6	Process Management by Core Process with Supporting IS
Diagram 3.1	Business strategy is the anchor domain
Diagram 3.2	Technology potential view
Diagram 3.3	Competitive potential view
Diagram 3.4	Service level view
Diagram 3.5	Lifecycle of Application Development
Diagram 3.6	Successful businesses spend less than their lower performing peers on IT
Diagram 3.7	Web 2.0 can endure a much larger web volume than Web 1.0
Diagram 3.8	BPM Life Cycle
Diagram 3.9	Package integration projects are more finite in scope
Diagram 4.1	Product Lifecycle Management
Diagram 5.1	Units of analysis used for analyzing cases.
Diagram 5.2	Core competencies and outsourcing
Diagram 5.3	Impacted industries in relation to business cycles
Diagram 5.4	Impact of business cycles on Balfour Beatty
Diagram 5.5	Stages of transactional efficiency
Diagram 5.6	Impact on workers due to technology.
Diagram 5.7	Security adoption driving forces
Diagram 5.8	Moore's law
Diagram 5.9	Cost component reduction
Diagram 5.10	Business Continuity Planning
Diagram 5.11	Major effects of Enterprise Integration
Diagram 5.12	BA's values and goals
Diagram 5.13	Core competencies and outsourcing
Diagram 5.14	Relation of economic cycle to BA's business cycle
Diagram 5.15	Stages of transactional efficiency
Diagram 5.16	Impact on workers due to technology.
Diagram 5.17	Implemented initiatives and their impact
Diagram 5.18	Security adoption driving forces
Diagram 5.19	Cost component reduction
Diagram 5.20	Business Continuity Planning
Diagram 5.21	Major effects of Enterprise Integration
Diagram 5.22	Core competencies and outsourcing
Diagram 5.23	Link between economic cycle and SGN's business cycle
Diagram 5.24	Stages of transactional efficiency
Diagram 5.25	Impact on workers due to technology.
Diagram 5.26	Security adoption driving forces
Diagram 5.27	Cost component reduction
Diagram 5.28	Business Continuity Planning
Diagram 5.29	Major effects of Enterprise Integration
Diagram 5.30	Core competencies and outsourcing
Diagram 5.31	Relation of economic cycle to BG's business cycle
Diagram 5.32	Stages of transactional efficiency
Diagram 5.33	Impact on workers due to technology.
Diagram 5.34	Security adoption driving forces

Diagram 5.35	Cost component reduction
Diagram 5.36	Business Continuity Planning
Diagram 5.37	Major effects of Enterprise Integration
Diagram 5.38	Core competencies and outsourcing
Diagram 5.39	Link between economic cycle and BP's business cycle
Diagram 5.40	BP's Growth Trajectory
Diagram 5.41	BP's Challenges at the corporate level
Diagram 5.42	Technologies deployed in BP
Diagram 5.43	Stages of transactional efficiency
Diagram 5.44	Impact on workers due to technology.
Diagram 5.45	Security adoption driving forces
Diagram 5.46	Cost component reduction
Diagram 5.47	Business Continuity Planning
Diagram 5.48	Major effects of Enterprise Integration
Diagram 5.49	Core competencies and outsourcing
Diagram 5.50	Link between economic cycle and Petrobras' business cycle
Diagram 5.51	Stages of transactional efficiency
Diagram 5.52	Impact on workers due to technology.
Diagram 5.53	Security adoption driving forces
Diagram 5.54	Cost component reduction
Diagram 5.55	Business Continuity Planning
Diagram 5.56	Major effects of Enterprise Integration
Diagram 5.57	Capgemini + Kanbay: a powerful combination
Diagram 5.58	Rationale of Kanbay acquisition
Diagram 5.59	Developing off-shore capabilities
Diagram 5.60	Capgemini's ambition- i3 program
Diagram 5.61	Core competencies and outsourcing
Diagram 5.62	Link between economic cycle and HPCL's business cycle
Diagram 5.63	Stages of transactional efficiency
Diagram 5.64	Impact on workers due to technology.
Diagram 5.65	Security adoption driving forces
Diagram 5.66	Cost component reduction
Diagram 5.67	Business Continuity Planning
Diagram 5.68	Major effects of Enterprise Integration
Diagram 5.69	Core competencies and outsourcing
Diagram 5.70	Link between economic cycle and ERG's business cycle
Diagram 5.71	Stages of transactional efficiency
Diagram 5.72	Impact on workers due to technology.
Diagram 5.73	Security architecture at ERG
Diagram 5.74	Security adoption driving forces
Diagram 5.75	Cost component reduction
Diagram 5.76	Business Continuity Planning
Diagram 5.77	Major effects of Enterprise Integration
Diagram 5.78	Core competencies and outsourcing
Diagram 5.79	Link between economic cycle and Petron's business cycle
Diagram 5.80	Stages of transactional efficiency
Diagram 5.81	Impact on workers due to technology.
Diagram 5.82	Security adoption driving forces
Diagram 5.83	Cost component reduction
Diagram 5.84	Business Continuity Planning
Diagram 5.85	Major effects of Enterprise Integration
Diagram 6.1	Result – Core competencies and outsourcing

Diagram 6.2	Result - Link between economic cycle and companies' business cycle
Diagram 6.3	Result - Stages of transactional efficiency
Diagram 6.4	Result - Areas in which companies implemented operational efficiencies
Diagram 6.5	Result - Impact on workers due to technology.
Diagram 6.6	Result - Cost component reduction
Diagram 6.7	Result - Architectures and operating environments in use
Diagram 6.8	Transformation characteristics
Diagram 6.9	Result - Top security risks and vulnerabilities
Diagram 6.10	Result - Security revenues by countermeasure category.
Diagram 6.11	Result - Characteristics of Enterprise Application Integration
Diagram 6.12	Result – Movement and progress towards achieving the goal of business continuity
Diagram 6.13	Trade-off between level of investment and risk w.r.t IT spending
Diagram 6.14	Value accrued at various stages of IT transformed business
Diagram 6.15	Push and Pull mode of transformation
Diagram 6.16	Classification of cases basis the type of transformation
Diagram 6.17	Business transformation at Balfour Beatty
Diagram 6.18	Business transformation at BA
Diagram 6.19	Business transformation at Scotia Gas
Diagram 6.20	Business transformation at BG
Diagram 6.21	Business transformation at BP
Diagram 6.22	Business transformation at Petrobras
Diagram 6.23	Business transformation at HPCL
Diagram 6.24	Business transformation at ERG
Diagram 6.25	Business transformation at OMV-Petron
Diagram 6.26	Economic benefits accruing to companies due to phased investments in technology
Diagram 6.27	Organizations that gave emphasis to IT
Diagram 6.28	Acceptable rate of learning new technologies in traditional companies
Diagram 6.29	Comparative rate of learning new technologies in newer companies
Diagram 6.30	Categories of transformation
Diagram 6.31	Phases of IT evolution and adoption
Diagram 6.32	Transformation grid
Diagram 6.33	Drivers for success in today's economy
Diagram 6.34	Cyclical behavior of technology
Diagram 6.35	How IT enables companies to adopt new business models
Diagram 6.36	Stages of enterprise transformation over decades
Diagram 6.37	Transformation in the case examples
