Q. No.		Marks 20	CO
10	<p>Analyse the role of 'e-Governance' in providing its services with the use of 'Information & Communication Technology. Give examples.</p> <p style="text-align: center;">or</p> <p>What is cryptography? What are the different types of cryptography? Does the IT Act prescribe the use of any specific type of Cryptography? If yes, then explain with the help of legal provisions.</p>	10	CO 2
11	<p>Any criminal activity that uses a computer either as an instrumentality, target or a means for perpetuating further crimes comes within the ambit of Cyber Crime". There is apparently no distinction between cyber and conventional crime. However, on a deep introspection we may say that there exists a fine line of demarcation between the conventional and Cyber Crime.</p> <p>Do you agree with these statements? Keeping in view the above excerpt, explain the concept of Cyber Crimes also, state the difference between a Cyber Crime and a Conventional Crime.</p>	10	CO3
SECTION-D Attempt all the questions. Each question carries 25 marks 2Qx25M =50 Marks			
Q. No.		Marks	CO
12	<p>The Supreme Court, in a recent case has stepped to the fore with a delightful affirmation of the value of free speech and expression, The Judgment has increased the scope of the right available to us to express ourselves freely, and the limited space given to the state in restraining this freedom in only the most exceptional of circumstances. Justice Nariman, has highlighted that the liberty of thought and expression is not merely an inspirational ideal. It is also "a cardinal value that is of paramount significance under our constitutional scheme." Answer the following questions in the light of the judgement of the above case:</p> <p>(a) State the effect of the judgement of the above mentioned case.</p> <p>(b) Summarize the observation of the Supreme Court with respect to the status of the fundamental right to freedom of speech and expression.</p> <p>(c) Discuss the doctrine of 'Void for Vagueness' with respect to section 66A.</p> <p>(d) Discuss in brief the various theories discussed by the court in this case.</p>	25	CO4
13	Alex with intent to threaten the unity, integrity of Sindia penetrated into the military website of Sindia without authorization. He thus, accessed and copied the critical	25	CO4

information infrastructure of the country. He also used this information to cause death and injuries to persons and destruction of property.
